HEADLINE

Do your reproductions look like fuzzy bunnies or sharp originals?

BODY

The next best thing to an original is a sharp copy. And Edgemont has a complete line of Sharp copiers and duplicators. From small volume copiers to sophisticated copying systems. There's even a model that copies in full color. Fuzzy bunnies have their place, but not on Sharp copies.

Whether your business needs a copier, facsimile, typewriter or word processor — there's no better choice than Edgemont. Ask about our Friend-lease and Buyer Protection Plan. Two Sharp reasons to make Edgemont your edge in office automation.
